TIMBER SUPPLIES  
PROUDLY NZ MADE & DESIGNED

"After many attempts to design and buy a fence I was put on to KiwiLock. The system is magnificent, all the components fitted well, the timber was treated and dry, which made painting the next few days a breeze"

**KIWILOCK® FENCING**

INTERLOCKING POST & RAIL FENCING

**OPTIONS AVAILABLE**

RAIL - You can choose from 1, 2, 3 or 4 rail options

POSTS - You can choose from 125x125, 150x150, 200x200, 250x250 and 300x300 post sizes

OUR KIWILOCK® CALCULATOR MAKES IT EASY! SIMPLY TYPE IN THE LENGTH AND NUMBER OF RAILS YOU REQUIRE FOR YOUR FENCE AND OUR CLEVER FENCING CALCULATOR WILL INSTANTLY GENERATE YOUR ESTIMATE

[www.kiwitimber.co.nz](http://www.kiwitimber.co.nz)

Posts are sawn No.1 Grade  
Smooth 'dry' rail, Ex 150x50mm  
No.1 Grade 4.0m Long  
All posts have bevelled tops  
Posts are spaced 2m apart

**NO FIXINGS REQUIRED**  
Our rail goes through the post. The rail cannot dislodge due to timber movement or shrinkage when installed correctly.  
Posts 200mm and larger are rebated in 60mm.

KIWILOCK® Fencing – Interlocking post and rail fencing is an innovative fencing system that is quick and easy to install. The rails are cut to length and slide straight through the machined posts to fit securely with no fixings required.

We manufacture each fence to order in our yard to suit your requirements.

**NO JOB IS TOO BIG OR TOO SMALL!**

KIWILOCK® fencing can be transported or delivered with ease and can be erected on site by yourself or contractors.

**VERSITILE AND STRONG**  
KIWILOCK® Fencing is a strong, durable and versatile fencing solution. It is ideal for rural & lifestyle blocks, driveways, subdivisions, equestrian centre's, boundary line fences, parks and recreational areas.
